Dear Ground Transportation Providers,

As you are aware, the Airport Authority will be implementing new Ground Transportation Regulations on Monday, April 4, 2016. The Regulations and a training video are available for your review at Metroairport.com. The video can also be watched directly by clicking on the following link:

http://www.metroairport.com/Portals/0/video/WCAA_r8_1080.mp4

In addition to Regulations and the training video, the Airport Authority will be holding an optional “train the trainer” session for driver procedures on Thursday, March 31, 2016 at 9:00am in the “Meeting Place” conference room in the Airport Authority’s administrative offices, which are located in the old Smith Terminal.

We look forward to seeing you.

Best Regards,

The Airport Authority Landside Department
