## **Airport Authority Invites the Community Inside Detroit Metro Airport's New North Terminal** *--Charity preview, open house and family day set for Sept. 5-6*

The Wayne County Airport Authority (WCAA) will soon offer the public its first glimpse inside the new North Terminal at Detroit Metropolitan Airport (DTW) as it hosts a series of preview events in advance of the terminal's scheduled opening on September 17.

"Detroit Metro Airport is one of Southeast Michigan's greatest assets, and the Airport Authority is eager to share this new addition to our award-winning facilities with the community we serve," said WCAA CEO Lester Robinson.

### **VIP Charity Preview Event – Friday, September 5**

On Sept. 5, the Airport Authority will host a charity preview event from 7-11 p.m. inside the new Terminal to benefit five local non-profit organizations. This exclusive preview event will offer guests their first chance to see the new, 26-gate facility up-close before it opens to travelers in mid-September. Guests will enjoy music from the Detroit Symphony Orchestra Quartet, a strolling dinner by Metro Detroit's premier caterer, Forte Bellanger, as well as musical entertainment from "Alizma"--a musical sensation direct from Las Vegas. Proceeds from the event will benefit the Charles H. Wright Museum of African-American History, First Step, The Salvation Army, Habitat for Humanity, and Traveler's Aid Society of Metropolitan Detroit.

### **About Detroit Metro Airport’s North Terminal**

When it opens in 2008, the new North Terminal will be Detroit’s home to Air Canada, American Airlines, AirTran Airways, Frontier Airlines, Lufthansa German Airlines, Royal Jordanian Airlines, Southwest Airlines, Spirit Airlines, United Airlines, US Airways, USA 3000, and charter airlines. Northwest Airlines and its SkyTeam™ partners AeroMéxico, Air France, Continental Airlines, Delta Air Lines and KLM Royal Dutch Airlines, will remain in the McNamara Terminal.

The North Terminal Redevelopment Project is creating an estimated 3,200 new, local construction jobs. Upon completion of the new facility, the existing Smith and Berry terminals will be decommissioned—making DTW one of the newest, most operationally-capable and efficient airports in North America. Together with the McNamara Terminal, which opened in 2002, DTW will soon feature two new terminals, nearly 150 gates, six jet runways, and two modern Federal Inspection Services facilities for international arrivals.

Established in 2002 by the Michigan State Legislature, Wayne County Airport Authority is an independent agency responsible for the operation of DTW and Willow Run Airport (YIP). Serving nearly 36 million passengers each year, DTW is the largest airport in Michigan and among the busiest air transportation hubs in the world. DTW’s 17 airlines offer more than 1,200 non-stop flights per day to more than 160 destinations worldwide.
