1Q Sets New Record at Detroit Metro Airport *--8.2% increase over 2004*

Detroit Metropolitan Wayne County Airport set an all-time record for total passengers in the first quarter of calendar year 2005. Passenger counts for the first three months of 2005 of 8,481,891 were 8.2% higher than the first quarter of 2004 and also topped DTW's previous best year of 2000 when 8,322,756 flew in the first quarter.

More than 3.3 million passengers flew in March alone, an 8.8 % increase over 2004 and more than 80,000 passengers ahead of DTW's best March ever in 2000.

Airlines clearly improved load factors at DTW. Total operations (aircraft landings and take-offs) were nearly flat compared to 2004 and 7% lower than 2000.

"It is estimated that one in 12 jobs in the US is tied to travel and tourism," said Lester Robinson, CEO of the Wayne County Airport Authority. "That's why this kind of growth is so encouraging for our economy."
