

Escort Insurance Requirements and Acknowledgement

All companies or individuals who are performing vehicle escorts on the Airfield Operations Area (AOA) are required to provide evidence that the vehicle under escort meets the Wayne County Airport Authority's required insurance limits. Failure to comply will result in denied access to the AOA.

All vehicles under escort are required to evidence valid insurance with limits of:

\$5,000,000 General Liability per occurrence
\$1,000,000 Automobile Liability per accident
\$500,000 Workers' Compensation Employers Liability

As the company or individual performing the escort, it is your responsibility to provide verification that the company or individual under escort has provided to you evidence of the required insurance above. Evidence of such insurance shall be maintained at your place of business and made available upon request. All escorts relating to insurance requirements are subject to audit.

Complete the following required information in detail.

Company Name _____

List all companies that you will need to provide a vehicle escort onto the AOA

Is your company providing general liability insurance to the vehicle under escort? Yes ___ No ___
If yes, the vehicle under escort is not required to provide evidence of general liability insurance.

Does the company or individual under escort have more than three employees? Yes ___ No ___
If no, then the vehicle under escort is not required to provide evidence of workers' compensation employers liability insurance.

I have read and understand the information that is required above and have the authority within my company to complete this form.
